[Nueva Guinea Church Plant \[Report\]](#)

by [sosendiu17](#)

1st Sunday School class

Hi!

We just wanted to give everyone a quick update on what is going on with the new church plant in Nueva Guinea, Nicaragua. Bro. Marlon Ramirez & his family moved there on January the 17th, and the following day held their first service with the attendance of 6 people. Currently, they hold two neighborhood Bible studies a week in the homes of new believers.

Weekly Bible study

At the end of the month of January, several pastors went down to help Bro. Marlon hold a two day evangelistic campaign. The first service was attended by 16 people and the second one by 26. 10 people made a profession of faith. Praise the Lord! They are also holding a service each Sunday morning & just this past Sunday started a Sunday School class for the children. Thank you once again for all your prayers & support of this new church plant. Only \$304 left to go! If you are interested in giving, please contact us: uttermostmissions@gmail.com
